A Precursor Faculty in European Higher Education

We are training professional dentists at Etlik 15th of July Martyrs Building at the centre of Ankara equipped with recent technology. We are offering a qualified education with rich library and classrooms with application possibilities.

The faculty has an experienced young and dynamic academic staff who received their undergraduate and graduate education at pioneer universities in Europe and Turkey. The faculty is leader in the productivity of academic publication.

Attaching importance to both information and interest, the faculty has an academic staff who trains dentists in pursuit of any sort of development and change. The faculty has 19 academic staff consisting of 2 Professors, 9 Assistant Professors, 8 Research Assistants.

Graduates of Faculty of Dentistry may either have their own business or work at private or public hospitals.

They may also continue their education with master's and doctorate programs. After receiving Ph.D. degree, those who are interested in academic career may work at the universities or work as clinical physician at private practices in the direction of their area of interests.

Thanks to medical English education, Graduates of Ankara Yıldırım Beyazıt University may more easily adapt themselves to working conditions abroad compared to the graduates of other faculties.
